

# Indiana Pacers 2024-25 Offseason Evaluation

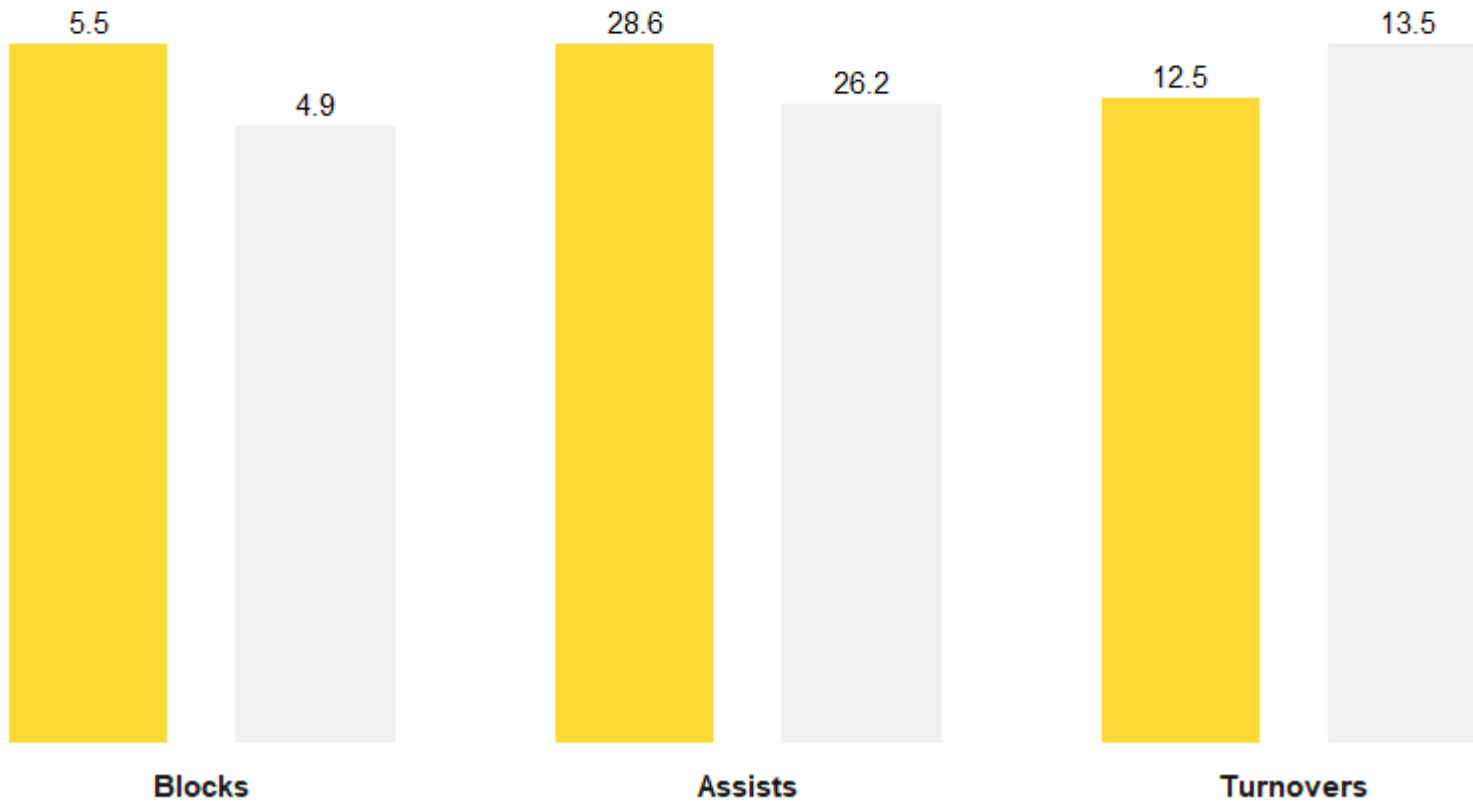

Nolan Popp

## Top Strengths vs Rest of League

2024-25 Season Average

■ Pacers ■ Rest of League

**Blocks (+13.2%)** – The Pacers average 13.2% more blocks than the league average, reflecting their active rim contests

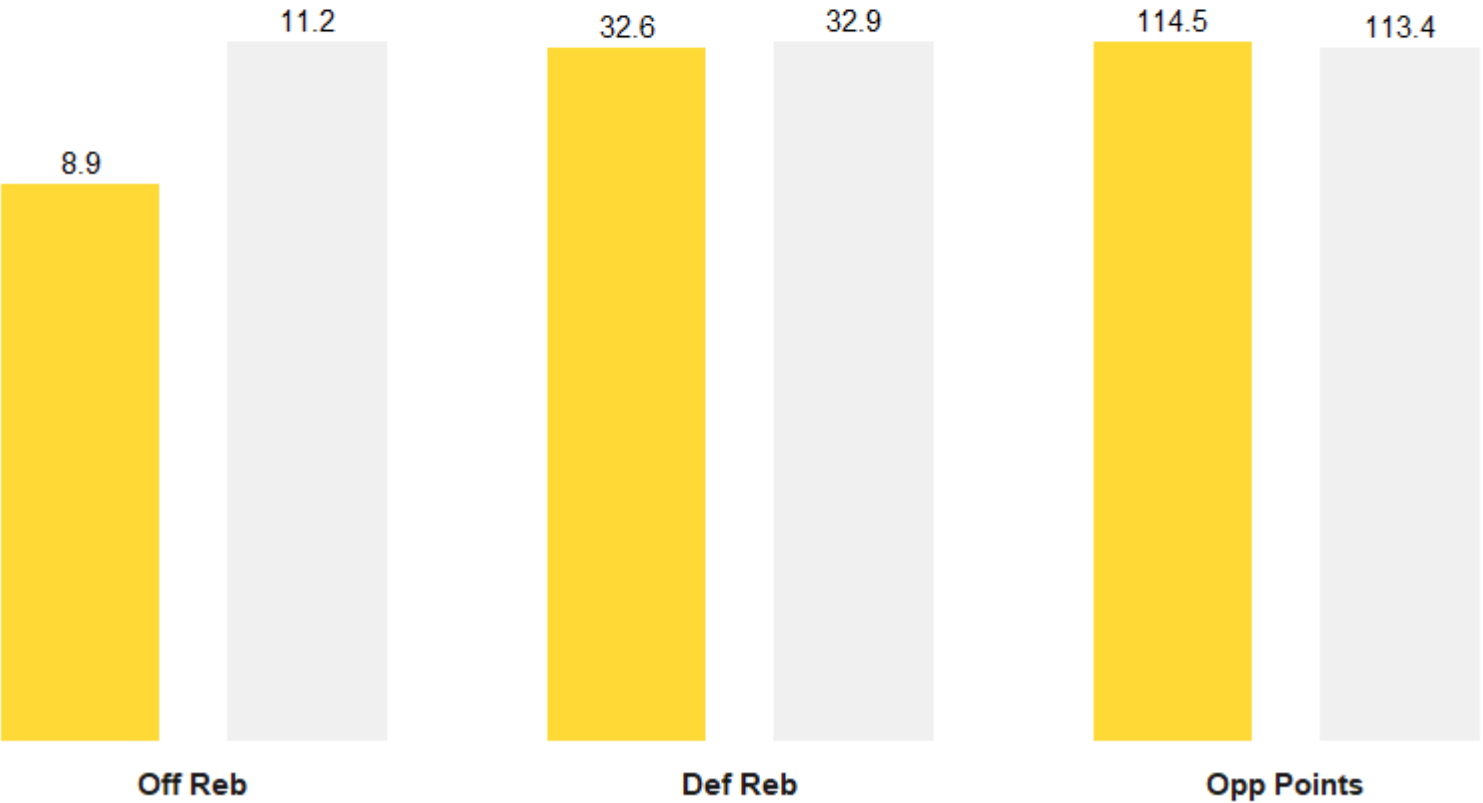

**Assists (+9.3%)** – The Pacers are 9.3% above the league average in assists, showing strong ball movement

**Turnovers (-7.5%)** – The Pacers commit one fewer turnover per game than the league average, highlighting their strong ball security and smart decision making

# Top Weaknesses vs Rest of League

2024-25 Season Average

■ **Pacers** ■ **Rest of League**

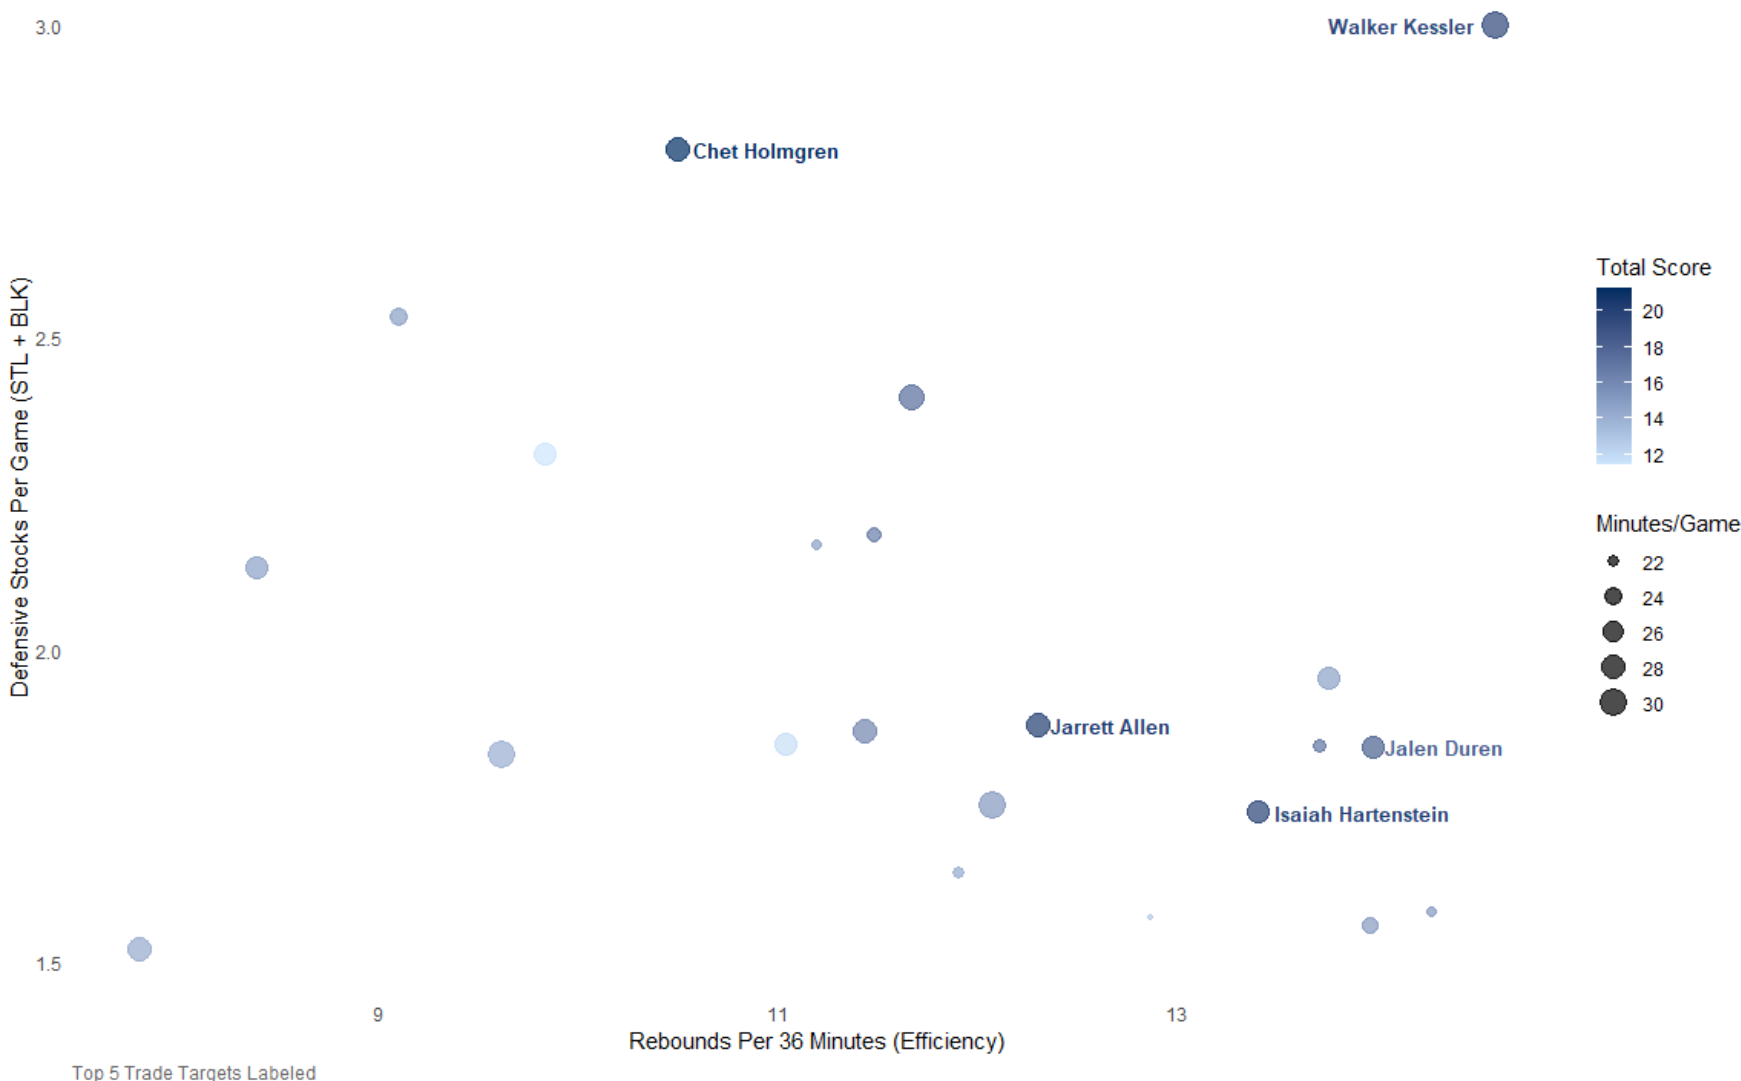

**Offensive Rebounds (-20.3%)** – The Pacers grab 20.3% fewer offensive rebounds than the league average, which limits second chance opportunities

**Defensive Rebounds (-0.9%)** – The Pacers average 0.9% fewer defensive rebounds than the league average, reinforcing their ongoing struggle to secure rebounds on both ends of the floor

**Opponent Points Allowed (+0.9%)** – Indiana allows 0.9% more points than the league average, suggesting that the defense remains as an area for improvement

# Trade Target Analysis

Analyzed 22 qualified players meeting rebounding + defense thresholds

Total Score Calculation:

Rebounding = RPG + Reb/36

Defense = Stocks + Plus/Minus

Higher Score = Elite Rebounding & Defensive Versatility

Target Range = 20 - 32 MPG

### Ty Jerome – Undervalued Scoring Guard (CLE)

(Filtered for players averaging 15–28 minutes, 20+ games, and a positive plus/minus)

Ty Jerome (Cavaliers - SG)   20.6 MPG   66 Games			
Metric	Player	League_Avg	Difference
TS%	64.8	57.0	7.8
Pts/36	22.6	16.3	6.3
Reb/36	4.7	6.6	-1.9
Stl/36	1.8	1.2	0.6
Blk/36	0.1	0.7	-0.6

**+7.8** TS% above league average, showing elite shooting efficiency and shot selection.

**22.6** points per 36 minutes, well above the league average (16.3), indicating strong scoring impact in limited minutes.

### Kevon Looney – Undervalued Defensive Big (GS)

(Filtered for players averaging 15–28 minutes, 20+ games, and a positive plus/minus)

Kevon Looney (Warriors - F)   16.4 MPG   64 Games			
Metric	Player	League_Avg	Difference
TS%	55.0	57.0	-2.0
Pts/36	11.0	16.3	-5.3
Reb/36	15.1	6.6	8.5
Stl/36	1.5	1.2	0.3
Blk/36	1.1	0.7	0.4

**+8.5** rebounds per 36 minutes above league average, ranking among the NBA’s most productive rebounders per minute.

Adds **+0.4** blocks and **+0.3** steals per 36 minutes, showing consistent defensive activity across rotations.
